

what is non tradable crypto crypto currency wallets list binance chain to metamask coinbase pro margin tra

A tradable market is one that allows buying and selling easily between two countries or exchanges. Additionally, a non-tradable market is one that is restricted to a specific country. Non-tradable goods and markets persist within a country. They cannot be exchanged outside it.

When you create an order on Coinbase Pro, we check your buying power before the order is created. Once Margin Trading becomes unavailable, your buying power decreases and we thus might not be able to execute any orders that were already created. Will I still have access to reporting for Margin trades? You can access your previous trades (including Margin trades) via the Orders or Statements sections of your account.
