If you are a ninja-trader, you could try marginal trading at Huobi. With marginal trading, you take a loan from Huobi, providing collateral. Say, you give 0.1 BTC to exchange, it gives you 0.5 BTC, you make a trade and multiply your profits many times. It's a really awesome tool, but it bears the highest risk. So it would help if you were a trading expert with many years of successful trades to utilize this option.
