Getting access to free stock charts is great, but theres another tool that can really help you in your trading, thats stock screeners. With screeners, you can enhance your watchlists and narrow down on stocks with very specific characteristics. Finviz excels with its free Stock Screener, mainly on US stocks. The filter options are amazing, you can screen stocks by literally every available criteria (from detailed financial ratios, technical analysis patterns, etc).

Trading websites can help you find trades and track them, and many of them wont cost you a dime. Some free trading websites offer both real-time and delayed data, so you can watch the market as it's moving. TradingView offers a stock screener as well as a community chat feature that will allow you to get some feedback from others.

Select the Settings from the dropdown menu. On the Settings page, locate the Networks menu. Click Add Network to manually add the Binance Smart Chain one it doesnt come packaged with.
